Daavlin

DermaPal

Let's Be Clear

Daavlin Phototherapy Solutions for Psoriasis and Vitiligo

DermaPal is the Clear Solution for scalp and spot treatments. DermaPal is safe, affordable and powerful.

Daavlin delivers a clear solution

for psoriasis, eczema and vitiligo... here's how:

DermaPal clears your skin

- Treatments last for a few seconds to a few minutes, about three times a week.
- A prescription from your doctor is required for this device.
- Psoriasis patients may see a reduction in symptoms such as redness and flaking in as little as 6-8 treatments. Vitiligo patients may see repigmentation begin within 8 weeks.

DermaPal is an affordable choice

- Daavlin products are reasonably priced.
- Phototherapy products are frequently covered by insurance including Medicare.
- Insurance assistance is available, call Daavlin and let us do the work for you.

DermaPal Phototherapy is safe and easy to use

- Safe for most patients, including pregnant women and children, as well as elderly and immuno-compromised patients.
- Plugs into a standard household electrical outlet.
- DermaPal has a self-contained digital timer and doesn't require an inconvenient separate timer.

Patient Friendly

The astonishingly light-weight treatment wand enables any patient to use the DermaPal without tiring. The durable slide-on comb attachment also doubles as a distance guide. UV protective eyewear and a convenient carrying case are included.

Powerful

Designed with high-intensity lamps, DermaPal clears as effectively as powerful top of the line Daavlin products found in your doctor's office.
